## CONCERNING THE CURRENT YEAR

---

Five schools are in session this year, 1928-1929, with enrollment, in September, as follows: Bridge 17; East 7; True 3; Carr 14; and Elm 30; the total enrollment being 71. Each teacher is a graduate of Plymouth Normal School and all but one have had several years of experience.

The school year will be 37 weeks in length with "days off" granted as follows: Labor Day, a day for Plymouth Fair, Thanksgiving Day and the Friday after, Memorial Day, and such institute days as the State Board of Education directs.

During the summer the Carr school was painted on the outside and inside, the yard cleared up and a new fence placed around it. At the Elm school the inside was painted, some new blackboards provided, an addition built on the front for entry way, cloak rooms, cupboard room and toilet rooms. Kaustine chemical toilets were placed in the toilet rooms. The old toilet building was made an addition to the wood shed. At the East school the ceiling was whitened. At the True school the inside was painted. A part of the expenses of the above improvements were paid for out of the balance of the 1927-1928 accounts and a part out of the 1928-1929 accounts.

All of the school houses are now in a good state of repair; all have jacketed heaters; all but the True have sanitary drinking bubblers.

During the first half of the year the school nurse has given each pupil a physical examination; tested the eyesight, the hearing; weighed and measured each pupil and recorded the results. During the last half of the year she will do the follow-up work of remedial and corrective nature. Any parent should feel free to consult the school nurse or physician at any time relative to the condition of health of any pupil.

For repairs and improvements for the year 1929-1930 the painting of the wood work on the outside of

the Elm school building, the placing of a substantial fence around the yard there, and the digging of a well for an independent water supply are the things most necessary for attention.

Under the heading "RECOMMENDED APPROPRIATIONS FOR 1929-1930" will be found the recommended appropriations for the March, 1929, annual meeting. The recommendations total \$446.00 less than those called for one year ago. The board hopes that the voters of the district will appropriate these amounts.

We solicit the continued interest of the citizens of the school district in the school work, also any inquiries on this report, the plans for the current year and those for the coming year.

Respectfully submitted,

R. TOLFORD PIPER, Chairman,

MRS. MILDRED CRAIG,

MRS. DOROTHY FORBES, Secretary,

School Board.

Guy F. Williams, Superintendent.
